This bar shows account & meter numbers, unique to each electric service & the service period billed. The present meter reading minus the previous reading multiplied by the meter multiplier provides the Kilowatt-Hours (Kwh). The Rate code identifies your rate.

5

Details of your account charges: Previous balance, late fee if applied, payments received during service period. Facility charge is a fixed monthly charge to have service. HPS Lights is a dusk to dawn outdoor light fixed charge. Electric Charge is the Kwh multiplied by the factor determined by your rate. If your account is on budget or average billing you will see additional information.

Usage Comparison	Days of Service	Total kWh	AVG kWh/Day

Explanation of Terms:

Due Date: Your bill is due and payable at the MEC offices on or before the date shown on the bill. The amount due after the due date will include a late payment charge of 3% per month of the past due amount or \$3.00 minimum.

Demand KW: The maximum level of electricity demanded by a service in any 15-minute interval during the month, measured in kilowatts.

Facility Charge: A monthly fixed charge that covers the expenses incurred to serve each consumer regardless of usage.

KWH (Kilowatt-hours): The basic unit of electricity energy usage. A 100-watt light bulb burning for 10 hours will consume one KWH.

Power Cost Adjustment: The energy cost adjustment that reflects the difference between the cost of energy assumed in the energy rate and the actual cost of purchased energy.

Menard Electric Cooperative is an equal opportunity provider and employer.
